

40 UNDER 40 COUNCIL

NOMINATION FORM

Established in 2009, the 40 Under 40 Council aims to identify and cultivate new, young executives of member carrier companies and acclimate them to the intricacies of the trucking world as well as the dynamics of the association.

Guest speakers at the Council's quarterly meetings discuss leadership, politics, the industry and the association. The Council provides forums in which members can network with peers, advance their careers through leadership development, and grow their interest and engagement in the association through education and outreach programs. These young executives will form the next generation of leaders in our industry and we encourage you to support our effort.

Membership is limited to 40 people, under the age of 40, employed and nominated by an ATA carrier member or academic institution. (A member company may have a maximum of six Council members represented.) Criteria for consideration should include demonstrated leadership skills, commitment to a career in transportation and notable contributions to his or her company or industry.

Support from a nominee's company is vital as he or she will need to be granted appropriate time and resources to participate in quarterly meetings and events. There will also be a \$300 annual membership fee for the Council, which covers attendance fees and meals at all events.

Nominate a young professional from your company, and submit it to the Arkansas Trucking Association for consideration: [kellycrow@arkansastrucking.com](mailto:kellycrow@arkansastrucking.com).
