Introductions

First we would like to Thank Chuck Roberts with ASE, I thought he gave a great presentation on how to build your team through certification.

Our presenter today is Rich Byers, (Rich please stand), after lunch Rich will give us a presentation on Bio-diesel and the benefits that your organization could gain by using it.

Now I would like for us to do self-introductions, but before we do this, I need to point out that we have several guest with us today from our Educational industry, as many of you are aware, we appointed a committee at our last meeting that was charged with developing a outreach video/PP presentation that we could use during career days, part of their efforts to accomplish this was to invite several guess today. I want to personally welcome those individuals, and if you have any questions as the day goes along, please feel free to ask..

Reading of the minutes of the last meeting dated

The minutes where published on the web site after our last meeting in Springdale. May we have a motion to approve those minutes? And a second?
