New! Commercial Driver Alcohol and Drug Testing Database

The Department of Finance and Administration and Arkansas.gov has provided a central repository for positive alcohol and drug test results on commercial drivers as required by law.

The new system is a fast, secure and convenient way for employers and Medical Review Officers (MRO) to search the database and report the results.

Service Benefits

- Search commercial driver record for positive result prior to hiring
- Report positive drug & alcohol results quickly and efficiently
- Hire safe drivers, reduce liability & save on training costs
- Available 24/7 with instant results
- \$2.50 per record search fee
