

U.S. Department of Transportation
Federal Motor Carrier Safety Administration

FMCSA Portal and the Inspection Selection System

Brenda Lantz, NDSU
January 2012

Agenda

“ Overview of FMCSA Portal

- . Training
- . Company information
- . Company activity
- . Company safety profile

“ Overview of Inspection Selection System (ISS)

- . Current calculation based on CSA BASICS

FMCSA Portal functionality

The following functionality is provided to Company users:

- **View company information including registration, operating authority, correspondence, and crash and inspection activity**
- **Print or download Company Safety Profiles, now free of charge, on an as needed basis**
- **Online Portal account management and role assignment including password reset**
- **Single sign-on access to the FMCSA Systems: Analysis & Information (A&I), DataQs, Compliance, Safety and Accountability (CSA) and National Consumer Complaint Database (NCCDB)**
- **Context sensitive online help**
- **Online access to training materials**
- **Online survey and user feedback tools**

Portal Login

- “ <https://portal.fmcsa.dot.gov>
- “ Note additional links at bottom

The screenshot shows a Windows Internet Explorer browser window titled "FMCSA Login". The address bar displays "https://portal.fmcsa.dot.gov/log". The page header features the U.S. Department of Transportation logo and the text "Federal Motor Carrier Safety Administration FMCSA Portal". The main content area is a light blue box titled "Login to Access the FMCSA Portal". It contains two input fields: "User ID:" and "Password:". Below these fields is a "Login" button. At the bottom of the box, there are three links: "Forgot your Password?", "Forgot your User ID?", and "Unlock your Account". Below these links, there are two lines of text: "To register for a portal account, please click [here](#)." and "To access portal training, please click [here](#)." At the very bottom of the page, a footer states: "You are accessing a U.S. Government information system. This information system, including all related".

Home Page Menu Options

FMCSA Portal menu options are available to Company users at the top of every page

➤ **Home**

- The Home menu allows Company users to return to the home page from any other page in the FMCSA Portal

➤ **Account Management**

- The Account Management / View My Profile menu allows users to manage their Portal user profile
- The Account Management / Pending Account Requests and Manage User Access menus allow users with administrative roles to manage account requests and user access to their company information

➤ **Reports**

- The Reports menu allows users to request a Company Safety Profile report which contains a history of the company's safety-related information on record with FMCSA

➤ **Feedback**

- The Feedback menu allows users to provide feedback regarding the Portal to FMCSA

HOME | ACCOUNT MANAGEMENT ▼ | REPORTS | FEEDBACK

Introduction to Company Safety Profile Report

- “ The Company Safety Profile Report contains safety-related information on an individual Company's operation, including selected items from inspection reports and crash reports and the results of any reviews or enforcement actions involving the company**
- “ FMCSA Portal users can request the Company Safety Profile Report for any USDOT# that they are authorized to access**
 - There is no \$20.00 fee for Company Safety Profile Reports requested through the FMCSA Portal**
 - The request for a Company Safety Profile Report through the FMCSA Portal allows a user to specify parameters for the report to help reduce the size of the report**
 - Both the PDF and the XML version of the Company Safety Profile are available**

Accessing Safety Profile

Users may request a **Company Safety Profile (or CSP)** report under the **Reports** menu on the **Company Home Page**

Home Page Links

FMCSA Portal links are available to Users at the top of every page

➤ **Refresh USDOT#**

- Company users with access to more than one USDOT# can select from a list of their USDOT#s from the drop-down at the top of the page and refresh the page to return company information for the selected USDOT#

➤ **Log Out**

- Company users can click the Log Out link at anytime time to exit the FMCSA Portal

➤ **Change Password**

- Company users may opt to change their password at any time by clicking the Change Password link

➤ **Help**

- The Help link allows Company users to access the online Help

USDOT #

[Log Out](#) | [Change Password](#) | [Help](#)

Home Page Portlets

The Company home page provides “portlets” to access company information and activity recorded with FMCSA

➤ **Portlets include:**

- Alerts
- Correspondence
- Company Activity
- Company Information
- Pending Account Requests
- Available FMCSA Systems
- Public Links
- System Broadcast Messages
- Acknowledge Rules of Behavior

Home Page Portlets Customization

Users can customize the portlets as follows

- Each portlet can be minimized or maximized
- Each portlet can be rearranged to your preferred location

To minimize a portlet

- Click the minimize button

To maximize a portlet

- Click the maximize button

To rearrange portlets

- Click the portlet title bar followed by dragging it to a preferred location on the home page

Available FMCSA Systems

The Available FMCSA Systems portlet allows users with approved access to access other secure FMCSA Systems without additional sign-on

- Analysis & Information (A&I)
- Compliance Safety and Accountability (CSA)
- DataQs
- National Consumer Complaint Database (NCCDB)

Company Alerts

Alerts are notifications of current or pending changes in a company's status with FMCSA

- Out of Service (OOS) Order
- Order to Cease Operation (OCO)
- Operating Authority Revocation
- Registration Revocation
- Hazardous Material Safety Permit (HMSP) Suspension or Revocation
- Mexican Provisional Authority Suspension or Revocation
- Operating Authority will be Revoked if not in Compliance
- Registration will be Revoked if Corrective Action is not Taken
- Hazardous Material Safety Permit (HMSP) will be Suspended or Revoked if Corrective Action is not Taken
- Mexican Provisional Authority will be Revoked if Corrective Action is not Taken
- Biennial Update is Due or Overdue
- Current Address is Undeliverable

Company Correspondence

Correspondence are letters generated by FMCSA and sent to the company

- Warning Letters
- Rating Letters
- Safety Audit Result Letters (NE or MX)
- No Show Safety Audit Letters (NE or MX)
- New Entrant No Contact Letters
- HM Permit Letters
- Licensing and Insurance Letters
- Cargo Tank Company Letters
- Amended NOC Served
- Settlement Agreement to Subject
- UNSAT OOS Order Served
- Relief Request Response Served
- UNSAT Extension in Effect Until
- OSC Served
- OCO Order Served / Rescinded
- Settlement Agreement Breach Letter
- Rescind Notice of Final Agency Order
- Notice of Default and Final Agency Order Served

Click Document icon to view correspondence

Introduction to Company Information

The FMCSA Portal provides a real-time view of all company data currently on file with FMCSA

Company Information consists of:

- **Registration Information from MCS-150/MCS-150B Applications**
 - General Information, including: Company Officials, Contact and Equipment Details
- **Registration Information about Cargo Tank Facilities**
 - General Information, including: Cargo Tank Facility ID, Cargo Tank Facility Name and Location
- **Hazardous Material Information**
 - Hazardous Materials Carried or Shipped Details and Status of Hazardous Materials Safety Permit
- **Registration Information from Operating Authority Applications**
 - Scope of Operating Authority and Insurance Details
- **BASICs Safety Measurement Summary Information**
 - BASICs Scores based on on-road performance, Investigation Date when Serious Violations were detected and BASICs Status
- **Inspection Selection System (ISS) Information**
 - ISS Inspection Score, ISS Recommendation and Basis for Recommendation

| 12 | Unsafe Driving and Crash Deficient BASIC | Optional |
| 13 | Single Crash or Unsafe Driving Deficient BASIC | Optional |
| 14 | No deficient BASICs | Pass |

ISS calculation – cont.

- ” Note that serious violations found during an investigation can cause a BASIC to be deficient
- ” ISS values range from 1 to 100
 - . 75 to 100 is Inspect
 - . 1 to 49 is Pass

ISS calculation – cont.

” Insufficient data

- . Values primarily based on number of prior inspections relative to size, with small safety component
- . Values currently 50-100, but will become 50-74, except
 - ” OOS carriers will be 100
 - ” Small random percent will be 99

Company Activity

In the Company Activity portlet information is displayed using an accordion view with additional drill-down options where applicable

Company users can view totals for selected timeframes for crashes, inspections, reviews, and enforcement cases

Company users can query crash, inspection, review, and enforcement case information and view the details of a specific instance of an activity

The screenshot shows the 'COMPANY ACTIVITY' portlet. It features an accordion view with the 'Summary' panel selected. The 'Summary' panel includes tabs for 'Crashes', 'Inspections', 'Reviews', and 'Closed Enf'. Below the tabs is a dropdown menu set to 'LAST 24 HOURS' and a 'Search' button. A table displays 'Crashes posted to FMCSA' with columns for 'Fatal', 'Injury', and 'Tow', all showing a count of 0. A note states: 'NOTE: This section displays only Crash Summary. For a list of Crashes please select the "Crash List" panel.' At the bottom, there are four expandable sections: 'Crash List', 'Inspection List', 'Review List', and 'Cases Closed with Enforcement List'.

| Fatal | Injury | Tow |
|-------|--------|-----|
| 0 | 0 | 0 |

Company Activities - Summary

In the default Summary view in the Company Activity portlet users can search for summary level activity information on Crashes, Inspections, Reviews and Cases Closed with Enforcement

Company Activities - Inspections

- Use the Inspection List view to search for and display a list of inspections within a specified time frame
- Each entry includes detailed data that can be accessed by clicking the magnifying glass next to its entry
- The View Full Report link provides more search and download options

The screenshot shows the 'COMPANY ACTIVITY' window with the 'Inspection List' view selected. The window has a sidebar with 'Summary', 'Crash List', and 'Inspection List' (highlighted with a red box). The main area shows the 'Inspection List' with a dropdown menu set to 'LAST 24 HOURS' and a 'View Full Report' link. Below this is a search bar and a table of inspection entries. The table has columns for 'View', 'Status', 'Report #', 'Date', and 'Driver'. The 'View' column contains magnifying glass icons. The table lists five entries with report numbers SPT0031911, SPD0082275, SPD0102012, 439C000599, and OGGR001199, all dated 11/09/2010 except for the last one dated 11/04/2010. At the bottom of the window are links for 'Review List' and 'Cases Closed with Enforcement List'.

Pending Account Requests

- Company Officials have an additional Pending Account Requests portlet on their home page which displays a list of users who are awaiting approval for a request to view information about their USDOT#

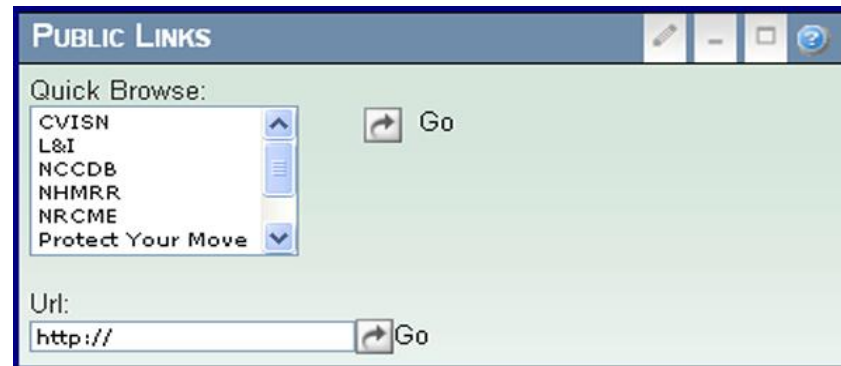

Public Links

The Public Links portlet allows users to access commonly used public FMCSA sites

By default Company users will have access to the public functionality of the following FMCSA Systems:

- National Hazardous Materials Route Registry (NHMRR)
- Safety and Fitness Electronic Records (SAFER)
- Commercial Vehicle Information Systems and Networks (CVISN)
- National Registry of Certified Medical Examiners (NRCME)
- Commercial Vehicle Information Systems and Networks (CVISN)
- Licensing & Insurance (L&I)
- Protect Your Move
- Share the Road Safely

Public Links (cont'd)

To access FMCSA Systems within the Public Links portlet

- Select the name of the FMCSA System from the list
- Click the Go button
 - A new browser window opens to the selected FMCSA System

The image shows two overlapping browser windows. The left window displays the 'PUBLIC LINKS' portlet with a 'Quick Browse' section. A list of links is shown, with 'CVISN' selected and highlighted. To the right of the list is a 'Go' button with a circular arrow icon, which is circled in red. Below the list is a 'Url:' field with the text 'http://' and another 'Go' button. The right window shows the 'Commercial Vehicle Information Systems and Networks (CVISN)' website. The header includes the U.S. Department of Transportation logo and navigation links. The main content area is titled 'Commercial Vehicle Information Systems and Networks (CVISN)' and contains sections for 'About Commercial Vehicle Information Systems and Networks (CVISN)', 'Overall CVISN Goals', and 'Objectives'. A left sidebar lists various resources like 'Document Library', 'What's New', 'Webinars', 'FAQ', 'Architecture', 'Deployment', 'Certification', and 'User Help'.

Public Links (cont'd)

Users are able to add, modify, and delete URLs they wish to access from their home page with the Public Links portlet

To personalize the Public Links portlet

- Click the Pencil (Personalize) button
 - The Public Links Configure QuickLinks Portlet will appear

The screenshot shows the 'PUBLIC LINKS' portlet on the left and its configuration dialog on the right. The portlet has a 'Quick Browse' section with a list of links: CVISN, L&I, NCCDB, NHMRR, NRCME, and Protect Your Move. Below this is a 'Url:' field with 'http://' and a 'Go' button. The configuration dialog, titled 'PUBLIC LINKS', is titled 'Configure QuickLinks Portlet:'. It has 'Name:' and 'URL:' labels above a single-line input field. To the right of this field are '+ Add', '- Delete', and 'Import' buttons. Below the input field is a list of the same links as the portlet: CVISN, L&I, NCCDB, NHMRR, NRCME, and Protect Your Move. At the bottom of the dialog is an 'OK' button. A red circle highlights the pencil icon in the top right corner of the portlet's header, which is the button used to open the configuration dialog.

Public Links (cont'd)

To personalize the Public Links portlet by adding URLs

- Enter a Name and URL
- Click the **Add** button
 - For example to add Google to your Public Links portlet enter Google in the Name field and the Google URL in the URL field http://www.google.com
 - 'http://' needs to be inserted when adding URLs to the QuickLinks portlet

Public Links (cont'd)

To personalize the Public Links portlet by deleting URLs

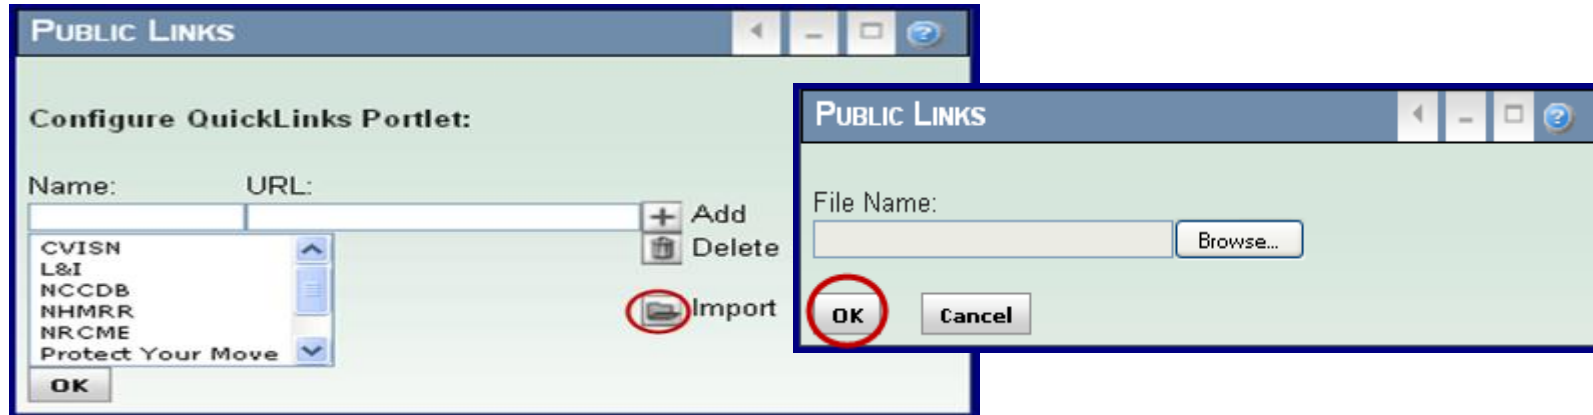

- Highlight the Name of the URL to be removed
- Click the *Delete* button

Public Links (cont'd)

To personalize your Public Links portlet by importing all of the URLs saved as Favorites in your browser

- First export the saved URLs to a file
 - For instructions on exporting your Favorites to a file please refer to your internet browser's online help
- Click the *Import* button
- Browse to the exported Favorites file on your computer
- Click *OK* to begin the import process
 - Once the import process is complete, you will see the URLs that you have saved as Favorites in your browser are now populated in the Public Links portlet

Public Links (cont'd)

To return to the Public Links Home page view

- Click the **OK** button

PUBLIC LINKS

Configure QuickLinks Portlet:

Name: URL:

CVISN
L&I
NCCDB
NHMRR
NRCME
Protect Your Move

+ Add
Delete
Import

OK

System Broadcast Message

The System Broadcast Message portlet allows users to view informational messages from FMCSA

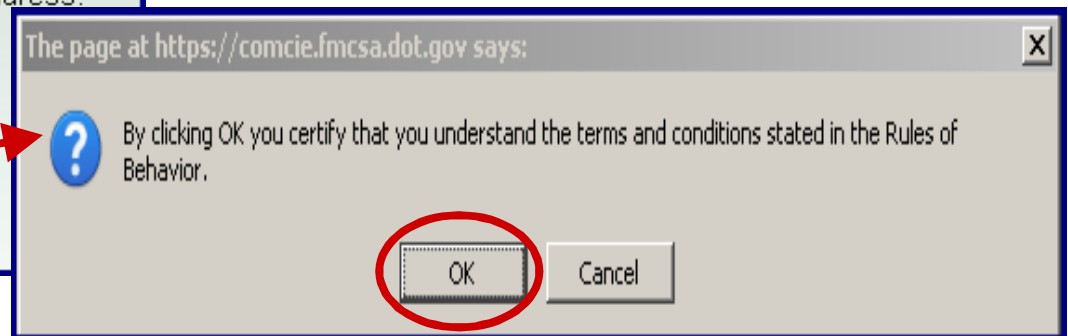

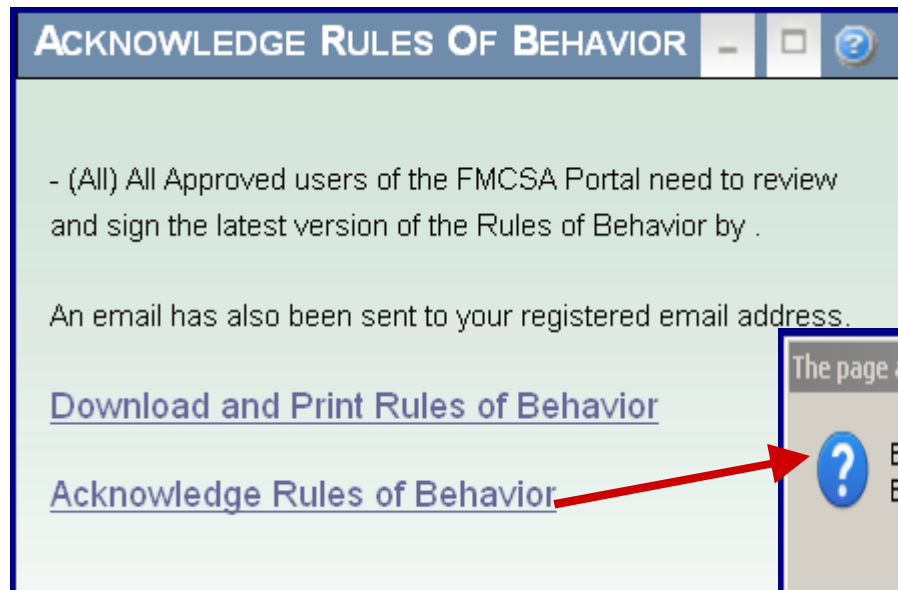

Click this link to
close a message

Acknowledge Rules of Behavior

A portlet named Acknowledge Rules of Behavior will display on a User's home page when a new version of the Rules of Behavior is available and requires their acknowledgement
